

# Solemma Training Day 2018

October 23  
Cornell University  
Architecture Art Planning  
26 Broadway  
New York, NY 10004  
[Link to Google Maps](#)

**Format:** The day will consist of a series of software tutorials followed by practice sessions. Participants will have the opportunity to have more in-depth discussions with members of the Solemma team. Three Solemma instructors will be present all day.

**Requirements:** All participants should have a newer Windows laptop with Rhino5 or Rhino 6 and the latest versions of DIVA and ALFA on them. Software instructions will be provided before the workshop.
